ADD A CHECKING
ACCOUNT

You may use a checking account from any U.S. based financial institution and you must have a valid U.S. driver's license or state-issued ID. (Note: savings accounts cannot be accepted due to the policy of many financial institutions.)

You need to enter ① the check number and ② your account information from the same check. Please refer to an actual check, which you may still use.

You will not need to provide a new check number for each transaction.

Check Number ①

Your Check

refer to your actual check

② Account Information 192

Check number ①

Account information ②

Re-enter account information ②

196

Account information must include ALL of the numbers at the bottom of your check including the bank routing number, your account number and the check number. Please enter the information in the order it appears at the bottom of your check. DO NOT enter special symbols or spaces.

Name your account
(e.g., "City Bank checking")

198

Driver's license or state ID number

200

State Issued In

<Select one> 202
